

WEDDING GUIDE

PRICING & INFORMATION

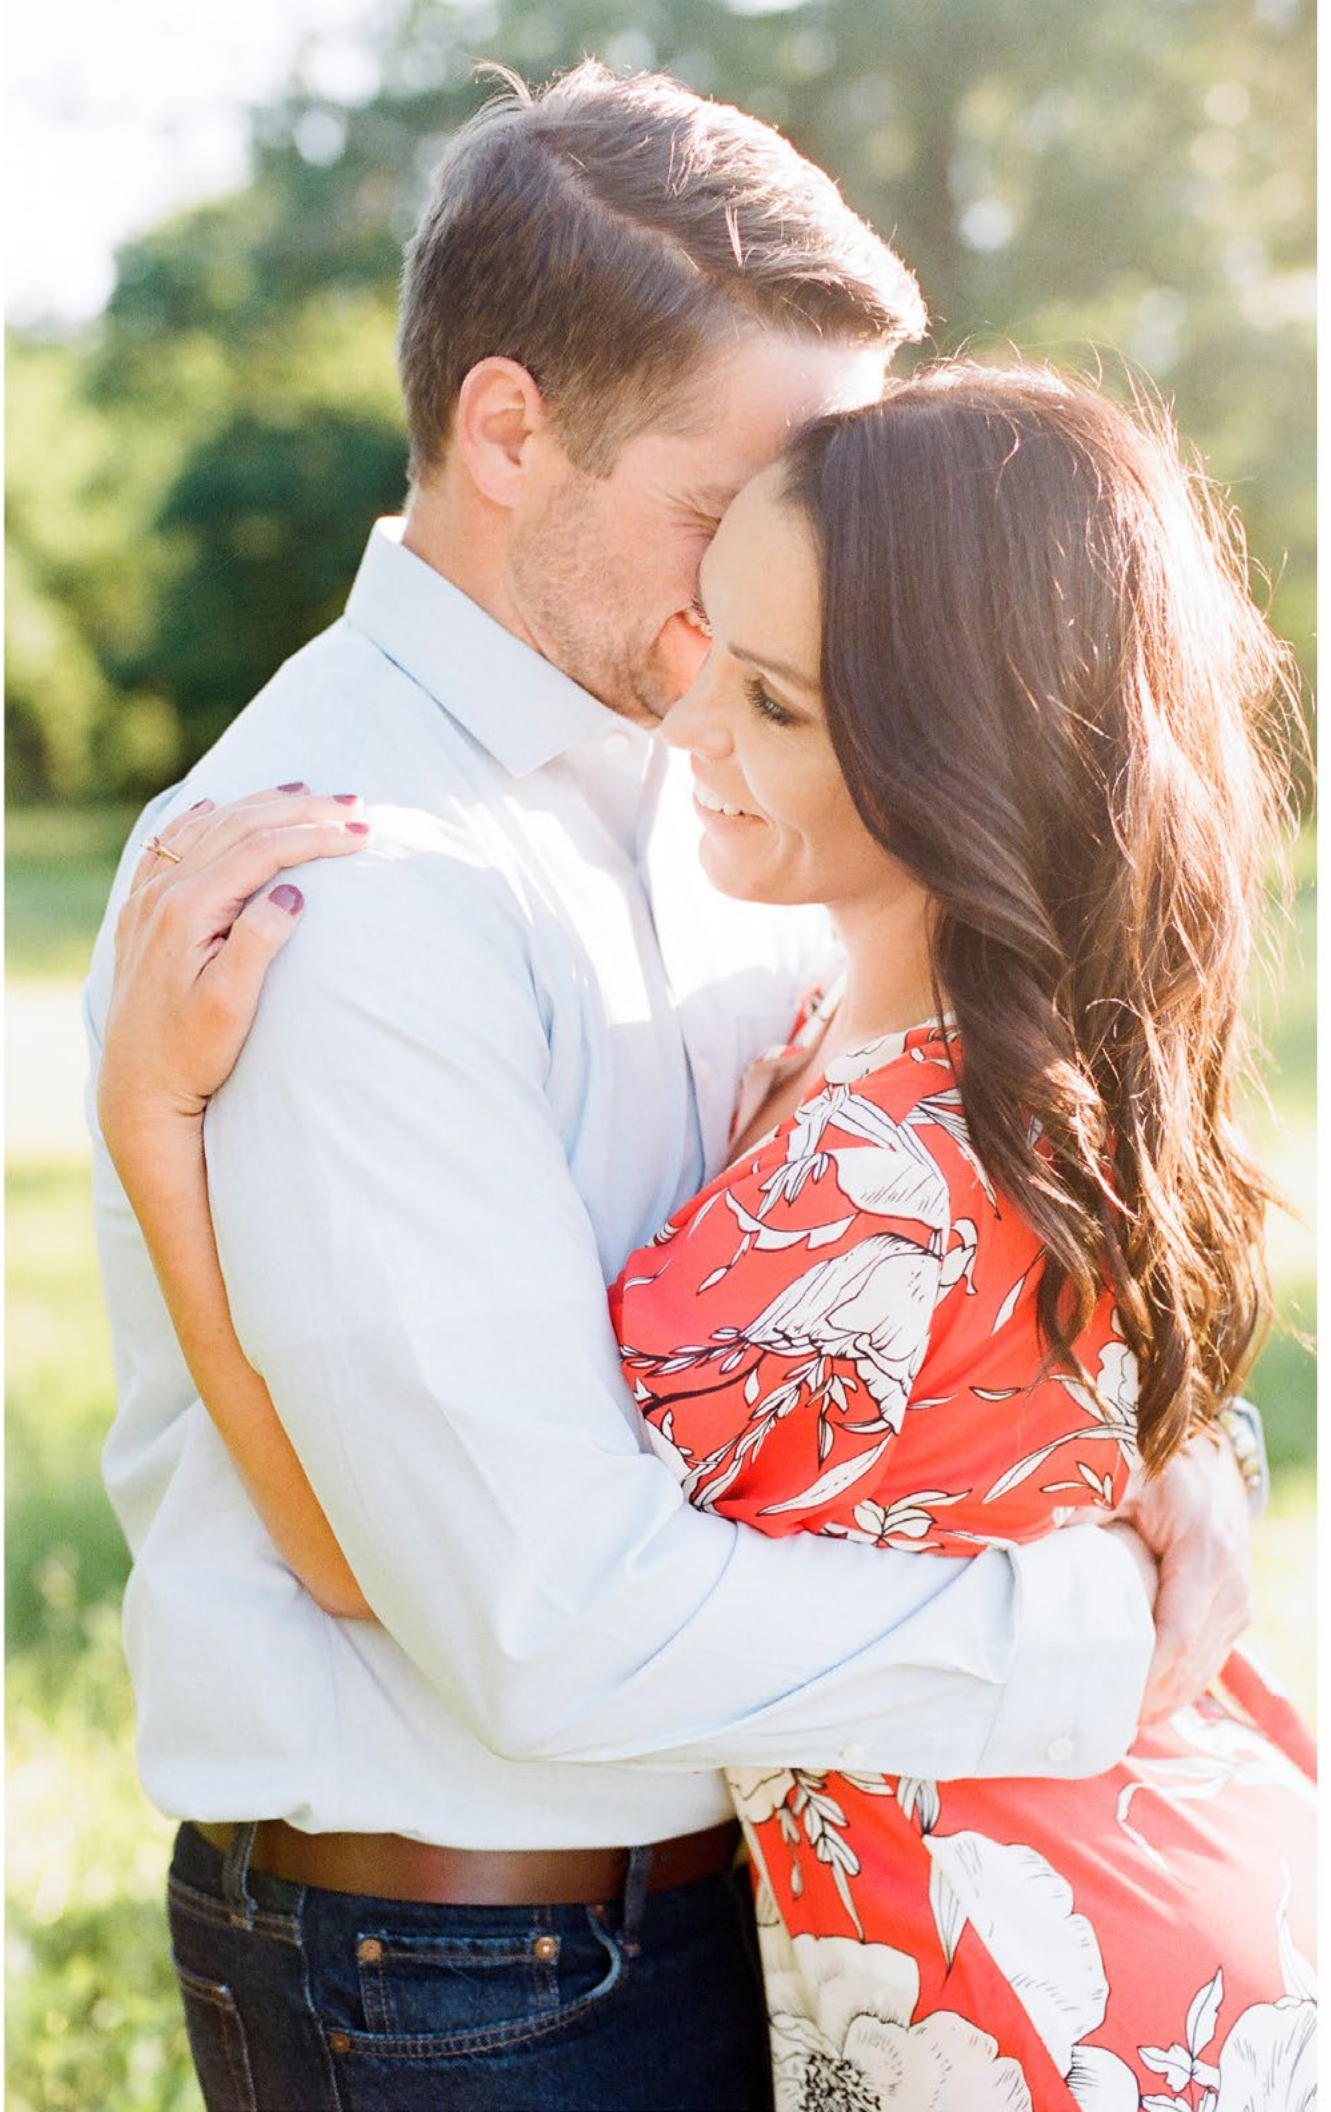

Hello!

I'm Angie, owner & photographer with Simpli Photography. I'm grateful for your interest in my work and I hope that this information will help answer any questions you might have.

I am simple, laid back and wear my heart upon my sleeve. I feel that my work reflects this; my images are simple, natural, and honest. Whether I'm photographing an engagement session, wedding or family I always strive to keep it easy going and shoot from the heart. I will capture traditional portraits of everyone looking at the camera, but my main goal is to focus on the couple engaged with each other. To capture the relationship and connection they share. I'm all about natural smiles, whispers in the ear, holding hands, hugs and snuggles. I strive to create images that will bring smiles and happy tears for years to come.

XOXO,
Angie

"Angie was absolutely amazing! She was easy to work with and made us feel comfortable. Her photography is beautiful, we love that she still uses film which gives her work a different aspect. We love our photos and highly recommend Angie!" - Stephanie & Chris

"Angie is a 'simpli' amazing photographer! There are not enough words to describe how wonderful Angie was to work with for not only our engagement but most importantly - our wedding photos! They were beyond stunning! Additionally, she is wonderful to work with during your big day. Our day was (of course) hectic and chaotic and Angie was calming and understanding never once losing her poise. She is a fantastic photographer and even better person. You will regret not using Angie for your big day!" - Megan & Kevin

"It was such a blessing to us to have found Angie and have her photograph our wedding. We could not have asked for more! We love all of our photos and will cherish them for years to come." - Lindsey & Devin

All packages subject to sales tax.

"Angie was an amazing photographer to work with! She was calm under pressure, listened to my ideas, & delivered beautiful photos I will treasure forever." - Anna & Peter

FREQUENTLY ASKED QUESTIONS

When should we schedule our engagement session?

Anytime. If you want to use engagement photos for save the dates or invitations the earlier the better. Most couples have engagement pictures taken 6-12 months before the wedding.

How many outfits/locations do we get?

Unlimited. However, I always stress that the more times we stop to change clothes or drive to another location the less time we have to take pictures. Most couples do 2 outfits (1 dressy & 1 casual) and 1-2 locations.

How soon will I get my images back?

Images will be posted to the online gallery in 2-3 weeks.

How do I get prints from our wedding?

You may purchase prints directly from your online gallery through Pixieset. If you chose to use your USB and have prints made elsewhere I highly recommend mpix.com for all reproductions. They offer professional products at reasonable prices.

How does the online gallery work?

I use a company called Pixieset. I will post all of the edited images from your engagement session/wedding in a personal/private gallery. You will be notified when the images are ready to view, & you may share the link with family and friends. Images may be purchased directly from the gallery and shipped anywhere in the world. The gallery will be posted for 6 months but may be extended if needed.

Do you offer wedding albums?

I do offer two varieties of albums: a leather flushmount album and a hardcover press printed album. If you are interested in adding an album to your package I will gladly forward you style and pricing information.

What camera equipment do you use?

I shoot both film and digital images. I use Nikon cameras: Nikon D600/D700 digital cameras, a Nikon F100 35mm camera and a Pentax 645N medium format film camera. I mostly use Kodak film and I have my film developed and scanned by Richard Photo Lab in California.

WEDDING ALBUMS

Leather Flushmount Album
